PORTFOLIO

https://unmovedco.github.io/sebb_portfolio/

OBJECTIVE:

Detail-oriented and passionate web developer specializing in crafting innovative and user-friendly web solutions. Equipped with hands-on experience from coursework and personal projects, I bring a strong foundation in web development technologies and a commitment to delivering high-quality results. Currently pursuing my Security+ certification and actively studying to expand my knowledge in cybersecurity, I am eager to bridge the gap between web development and security. Excited to contribute my skills and enthusiasm to an entry-level web developer role, while continuing to grow and learn in a dynamic team environment.

SERVICES & SKILLS

- Web Development Fundamentals
- Front-End Development with HTML and CSS
- WordPress
- JavaScript
- Photoshop, Illustrator, Lightroom, After effects
- Operating Systems: Windows, macOS.

EMPLOYMENT HISTORY

DOG TRAINING SOLUTION- DECEMBER 2023- CURRENT

As the web developer, designer, and marketing director at dog training solution, I play a pivotal role in enhancing the company's online presence, designing engaging user experiences, and driving marketing initiatives to promote our services and products.

KEY RESPONSIBILITIES:

- developed and maintained the company website, ensuring its functionality, responsiveness, and user-friendliness.
- designed visually appealing and intuitive user interfaces for web and mobile platforms, incorporating best practices in UI/UX design.
- implemented SEO strategies to improve the website's visibility and rank on search engines.
- managed digital marketing campaigns across various channels, including social media, email, and google ads.
- created compelling content, such as blog posts, articles, and promotional materials, to engage with the target audience.
- analyzed website traffic and user behavior using analytics tools to optimize conversion rates and performance.
- collaborated with cross-functional teams to align marketing efforts with business goals and objectives.
- stayed updated on industry trends and emerging technologies to drive innovation and continuous improvement.

GROUNDNUT NUTRITION-DECEMBER 2023 DESCRIPTION:

- Designed and developed visually appealing and user-friendly websites for Groundnut Nutrition.
- Conducted user research and usability testing to optimize website performance.
- Implemented SEO optimization, accessibility standards, and mobile responsiveness.
- Maintained and updated existing websites to ensure accuracy and functionality.
- Stayed current on industry trends and emerging technologies to enhance web design capabilities.

- Proficiency in HTML, CSS, JavaScript, and content management systems.
- Excellent communication and collaboration abilities.
- Attention to detail and passion for creating exceptional user experiences.

The Wisp- June2023- October 2023

Entry-Level Customer Support Representative (CSR)

- Proficiency in configuring and troubleshooting network equipment.
- Knowledge of cable management best practices.
- Excellent problem-solving and communication skills to assist customers effectively.
- Ability to work independently and collaboratively as part of a team.
- Strong customer service orientation with a focus on resolving issues promptly and professionally.
- Willingness to learn and adapt in a fast-paced environment.

Winco/Transmotion- 2022-2023

Read and interpret assembly instructions, blueprints, and schematics. Assemble products according to established guidelines and specifications. Inspect components for defects and ensure they meet quality standards. Use hand tools and machinery to perform assembly tasks. Maintain a clean and organized workspace. Collaborate with team members to meet production goals and deadlines. Report any issues or malfunctions with equipment or materials to a supervisor. Follow safety protocols and use personal protective equipment (PPE) as required. Assist with inventory management and restocking supplies as needed.
